

# **The TraumaBoard 1000**

Our toughest board yet - the Trauma 1000 from Trauma Technologies, Inc. has all of the same intricate features as the Trauma 450 & 600 with a twist. With an increase of patient capacity to 1000 lbs. and decrease the weight of the board to 14 lbs., a majority of your patients will be taken care of by the Trauma 1000. Standard pins and graphics available.
